3.4mil Carpet Matte White  
Calendered Vinyl with High-Tack  
Removable Adhesive

PG-014 is a 3.4 mil polymeric matte white calendered vinyl coated with a clear solvent removable adhesive laminated to a 90# layflat liner. This product was specifically designed to adhere to common commercial carpets and allow for easy and clean removability of the graphic. When removed within 6 months, removal will be easy, any longer and the adhesive will build tack over time making long term removability more difficult. The 90# liner offers excellent product layflat in a variety of ambient conditions along with ease of application of large format graphics. PG-014 can be used in solvent, eco-solvent, latex, UV-curable, screen, and offset UV-curable printing. Consider pairing this vinyl film with one of the following laminates: PG-112, PG-901, PG-301, or PG-312.
