#PG-082

6.0mil Perforated Window Calendered Vinyl (80/20) with Removable Adhesive (White Print Face w/ Black Back)

PG-082 is a 6.0 mil perforated high performance vinyl film with a white print side and a black see through side coated with a clear low tack repositionable removable solvent acrylic pressure sensitive adhesive designed for exterior/outside mounted one way view-through window graphics. PG-082 can be used in solvent, eco-solvent, latex, UV-curable, screen, and offset UV-curable wide format digital printing. The adhesive is designed to cleanly remove from glass with little to no adhesive residue. Some common applications include: flat, smooth, and transparent surfaces; POP/retail temporary storefront applications and medium-term applications requiring view-through capabilities and bond to windows. This product is not recommended for window vehicles as it does not meet the minimum light transmission regulations.
