#PG-334

8.0mil Matte White Polypropylene Anti-Curl Banner Display Film

PG-334 is an 8.0 mil high performing economy film featuring a bright white, outdoor durable, matte print surface and anti-curl coating technology to minimize curl before and after application. This product can be used in aqueous (pigment and dye), latex, and UV-curable wide format digital printing. Common applications for PG-334 include: architectural renderings, reprographics, decorative labels, posters, retail displays, and maps. PG-334 has the advantages of being tear resistant, bright white with a smooth surface, has a wide color gamut, is fast drying, and has a water and scratch resistant coating. Lamination is optional for this product. Should you choose to laminate PG-334, we recommend PG-004, PG-104, and PG-204.
