### 10.0mil Satin Photographic Paper with Permanent Adhesive

PG-740 is a 10.0 mil satin photographic paper with clear permanent adhesive. The professional satin finish is perfect for long lasting prints and color stability, while the permanent adhesive backing works excellently for any proofing or graphical needs. PG-740 allows you to achieve the color and print reproduction desired, while also drying at an exceptionally fast rate. Overall, this product is an excellent solution for any quality conscious graphic designers and professional photographers. PG-740 can be used in aqueous (pigment and dye), latex, and UV-curable wide format digital printing. Common applications for PG-740 include: photorealistic quality prints, fine art, graphic artwork, posters, billboards, kiosks, interior POP displays, GIS/CAD, and proofing. Lamination is optional for this product. Should you choose to laminate this photo paper, we recommend PG-004, PG-104, and PG-204.

Product Number	#740
<b>Film</b>	
Film Type	White Paper
Finish	Satin
Coating	Microporous
Film Thickness (mils)	10.0
Film Weight (gsm)	280
Caliper Face Stock	7.7
<b>Environment</b>	
Outdoor Durability	Indoor Only
<b>Applications</b>	
✓ POP & GIS/CAD	✓ Proofing
✓ Indoor	✓ Fine Art, Graphic Artwork, Posters, & More
