#PG-002GB

2.0mil Brushed Gold Chrome Metallic Polyester with Permanent Adhesive

PG-002GB is a 2.0 mil print receptive brushed gold chrome metallized polyester film with a permanent acrylic pressure sensitive adhesive. This polyester film will accept UV-curable ink. The acrylic adhesive offers a balance of tack and holding power for most general-purpose applications. This brushed metallized film is intended to simulate a metallic finish, and is an ideal choice for architectural signage, commercial, retail signage, product identification markings, and POP graphics.
