

Technical Data Sheet:

#PG-543

8.2mil Matte White Translucent Backlit Polyester Film

PG-543 is a 8.2 mil matte white translucent backlit polyester film that is designed to produce excellent image quality graphic art applications with a matte finish that minimizes glare and enhances image quality density. PG-543 is easy to install due to the rigidity and flatness of the substrate. This product can be used in solvent, latex, and UV-curable wide format digital printing. Common applications for PG-543 include: lightbox graphics, backlit trade show displays, department store displays, luminous advertising surfaces, and bus shelter and metro illuminated signage. Lamination is optional for this product. Should you choose to laminate PG-543, we recommend either PG-004, PG-104, or PG-204.

Product Number	#543
Film	
Film Type	White Translucent Polyester Film
Finish	Matte
Coating	Resin
Film Thickness (mils)	8.2
Film Weight (gsm)	275
Environment	
Printing Temperature	59F - 86F / Humidity: 30% to 60%
Outdoor Durability	1 year without laminate / 2 with laminate
Applications	
✓ POP/Retail & Other Signage	✓ Trade Show Graphics & Backlit
✓ Outdoor & Indoor	✓ Bus shelter & Metro Illuminated Signage
