### 10.5mil Satin White Translucent Backlit Polyester Film

PG-546 is a 10.5 mil satin white translucent backlit polyester film. Featuring a robust polyester base, this film offers exceptional dimensional stability, rigidity, and tear resistance, ensuring easy installation and long-lasting durability. PG-546 is designed to withstand significant temperature fluctuations and is an ideal film for both indoor and outdoor use. The satin finish delivers vibrant, high-quality images, whether illuminated or not. Also, the quick-dry coating allows for higher ink loads, producing bold and striking visuals that capture attention. This product can be used in solvent, latex, and UV-curable wide format digital printing. Common applications for PG-546 include: indoor and outdoor lightbox displays, retail signage, menu boards, wayfinding signs, airport and transit advertising, and trade show displays.

Product Number	#546
<b>Film</b>	
Film Type	White Translucent Polyester Film
Finish	Satin
Film Thickness (mils)	10.5
Film Weight (gsm)	370
Opacity (%)	> 75
Whiteness	> 100
<b>Environment</b>	
Outdoor Durability	Up to 1 year without laminate / 2 with laminate
<b>Applications</b>	
✓ POP/Retail	✓ Trade Show Graphics
✓ Outdoor & Indoor	✓ Lightbox Displays, Airport & Transit Advertising, & Menu Boards
