

Technical Data Sheet:

#PG-730

10.0mil Gloss White Photographic Paper with Permanent Adhesive

PG-730 is a 10.0 mil gloss photographic paper with clear permanent adhesive. The professional glossy finish provides long lasting prints and color stability, while the permanent adhesive back works perfectly for proofing or any graphical needs. PG-730 allows you to achieve both the color and print reproduction desired with an exceptionally fast dry time. Overall, this product is an excellent solution for quality conscious graphic designers and professional photographers. PG-730 can be used in aqueous (pigment and dye), latex, and UV-curable wide format digital printing. Common applications for PG-730 include: photorealistic quality prints, fine art, graphic artwork, posters, kiosks, GIS/CAD, proofing, and interior POP displays. Lamination is optional for this product. Should you choose to laminate this photo paper, we recommend PG-004, PG-104, and PG-204.

Product Number	#730
Film	
Film Type	White Paper
Finish	Gloss
Coating	Microporous
Film Thickness (mils)	10.0
Film Weight (gsm)	280
Environment	
Printing Temperature	59F - 86F / Humidity: 30% to 60%
Outdoor Durability	Indoor Only
Applications	
✓ POP Displays	✓ Posters, Kiosks, & Proofing
✓ Indoor	✓ Fine Art & Graphic Artwork
