

# Technical Data Sheet:

## #PG-911

### 5.0mil Gloss White Calendered Vinyl with Permanent Adhesive

PG-911 is a 5.0 mil gloss white calendered vinyl with clear permanent adhesive. PG-911 provides high color density and dries instantly, and can be used in aqueous (pigment and dye-based) wide format digital printing. When printed with pigmented inks, PG-911's water resistant coating combined with its resistance to edge tear makes it a great solution for short-term outdoor signage. Common applications for PG-911 include: retail advertising, trade show graphics, construction site signs, decals, and other general signage.

Product Number	#911
<b>Film</b>	
Film Type	White Calendered Vinyl
Finish	Gloss
Film Thickness (mils)	5.0
Film Basis Weight (gsm)	300
Gloss (60°)	≥ 85
Opacity (%)	93
Whiteness	90
<b>Adhesive</b>	
Adhesive Type	Permanent Self-Adhesive
Adhesive Color	Clear
Outdoor Durability	Short Term
Removability	Permanent Adhesive: when removing this product/industrial strength grade adhesive-removing chemicals may be required.
<b>Applications</b>	
✓ POP/Retail	✓ Trade Show Graphics
✓ Outdoor (Short Term) & Indoor (Long Term)	✓ Construction Site Signs & Other General Signage
