#PG-935

5.0mil Matte White

Polypropylene Window Film with Low-Tack Removable Adhesive

PG-935 is a 5.0 mil matte white window film with low-tack removable adhesive. This PVC-free film has a premium quality matte top coating that enhances both color and resolution. There will be no shrinkage or curling when using this product. The gray backing creates a blockout barrier for maximum opacity. PG-935 can be used in aqueous, latex, and UV-curable wide format digital printing. Common applications for PG-935 include: advertising/messaging, window signage, smooth/flat surfaces, contour cut applications, and POP/retail signage.
